The Simon Game ...

How to play

How to play?

...

Simon is a game where you have to remember a sequence of colors and press the buttons in the same order. The game is played on a circular board with four colored buttons (red, green, blue, and yellow) arranged in a circle. The sequence of colors is shown on the board, and you have to press the buttons in the same order. The game is played on a circular board with four colored buttons (red, green, blue, and yellow) arranged in a circle. The sequence of colors is shown on the board, and you have to press the buttons in the same order.
